

Dear Librarian,

I would like to recommend purchase of the journal Australian Literary Studies, the leading journal of criticism and scholarship of Australian literature, to our library. Articles from the journal are foundational in the field, and are regularly cited by scholars internationally and nationally.

They will be used by:

- Teaching staff and scholars in the field of literary studies;
- Postgraduate students in the field of literary studies;
- Will be recommended for undergraduate students in the field of literary studies.

Purchases of print editions can be made at www.als.id.au.

Thank you for your attention to this matter.

Yours sincerely,
